## ***President's Message***

Greetings to all photographers, Spring is coming I have it on good authority!

It's March and it will only be a matter of weeks before those of us in the Southern region of N4C land will be in Spring. Last week I about choked as a friend who lives in Portland, sent me a photo of her blooming crocus (from this year)! Needless to say I was green with jealousy of it being that warm to have Spring's first blooms. That was followed by a friend who lives on Vancouver Island telling me all of his Spring flowers were in full bloom.

One gets educated in a number of ways in photography and this week I had a really tough realization not related to my photographs but those of a friend. One of my Canadian photographer friends got written permission from a foster Mother to photograph her two little First Nations girls (what we in the US call Native Americans). He regularly sells images through Getty and one of the photos was purchased for an advertising campaign that is against first nations children being taken out of Canada. The foster Mother and her husband lived in Canada for several years but were currently raising the two girls in Germany until their stepfather died but have since have returned to Canada. (The foster parents had permission to take the two children to Germany.) The foster Mother (also a friend) is devastated that the image was being used for such an advertising campaign as she and her late husband worked so very hard to give these children, now adolescents, a very good life. To add to the difficulty Mother she officially could not have given "official" permission to allow the children to be photographed which she did not realize. The foster Mother of the girls has told the appropriate First Nations officials who will ask my photographer friend to remove the images from Getty. If there are any actions taken against Getty for selling the unauthorized images my photographer friend will have to assume the costs associated with any legal action. In this situation unfortunately everyone loses but should give us all cause to pause for what is normally an innocent hobby.

Moving on from gloom and doom, Springbrook will be here before we know it. It's a great way to greet Spring, learn some things, meet old friends, make new and it's cheap! Where else can you attend 2 days of meetings and have your meals furnished for that kind of money?(\$93/\$108)

You might also have seen in the last newsletter that the combined camera clubs in the Twin Cities region are having their annual Spring Break coming up the second weekend in March. That is also a high value for your dollar meeting and will feature Jeff Morgan, an old friend of N4C who used to live in the Twin Cities and Ian Plant as well. The Saturday and Sunday combined fee is \$65. again that is a HUGE bargain and I would encourage any N4C folks to take the drive up to a good meeting, eat some great food and do some shopping in the Twin Cities.

If you enjoy flowers you might want to check out one of my favorite places Longwood Gardens which is 30 miles south of Philadelphia and whose website is <http://LongwoodGardens.org>. I decided to "reward" myself for what has been a rather intense semester so far and head out in early April to exercise my shutter finger there as it has atrophied over the winter months. One of the many great things about Longwood is they have four indoor acres that are always groomed to perfection. Their 325 outdoor acres may well be waking up while I'm there depending upon the weather. For the record the floor of Pierce's woods has 250,000 crocus that will bloom this Spring and one of the many garden walks has 250,000 tulips planted. You never really know quite what to expect with Longwood but their designers always "blow my socks off."

Have a great "March on to April!"  
Photographically yours,

Jo

## N4C Service Award

The service award is presented to a candidate for his or her outstanding contribution of service to N4C along with service to their own camera club and photographic service to their local community.

Any person who is a member of a camera club in good standing with the Council, may act as a proposer for a candidate(s).

The candidate must also be a member of a club in good standing with the Council.

## 2016 N4C Communication Contests Are Open

To all N4C Bulletin Editors and Webmasters. The 2016 Communications Contests have begun, and these contests are open to all N4C club Editors and Webmasters. The final deadline for entries will be April 1, 2016, but feel free to enter whenever you are ready. Some have already submitted their entries.

These are fun competitions, and they are easy to enter:

Editors: Look back as far as last May, and enter your favorite issue, or maybe a future issue. Just send me a .pdf file and your contact information and I will compile everyone's information and send it off to the judges.

Webmasters: If you have been tweaking your Website and you like the results, send me a notice that you want to be included. You can continue tweaking because the judges will not look at your site until the judging begins.

Our judges will study many different criteria, and the Bulletins and Websites that best represents their club, and N4C, will be the winners. Like N4C's annual photography competitions, there will be Gold, Silver and Bronze medals, plus HM Certificates.

There will also be points awarded, which will accrue towards the N4C Club of the Year Award, which is presented at the N4C Convention. Watch the N4C E-Bulletin and my emails for additional announcements. If you have questions, please contact me directly.

### Campers please note:

*Springbrook State Park will be CLOSED from Tuesday, September 8, 2015 through Saturday, April 30, 2016 for road/bridge construction. When work begins, access to the campground, shelters, beach, picnic areas, public hunting, and trails will not be allowed. This closure does not restrict access to the Sherburne Cabin or the Springbrook Conservation Education Center facilities. If you have any questions or concerns, please contact the park office at 641-747-3591.*

**Come and play** at the N4C miniconvention at Springbrook State Park- where names become faces and faces become friends! Springbrook looks to be another fun time. We have some great locales to visit vicariously as well as some hands on play time. Learn how to photograph falling water drops, use on camera flash and experience drone photography. Please note the change in date from previously announced to April 22-24. The change was due to a scheduling conflict at the park. Jo Eland has graciously agreed to again emcee the event as 1st V.P. Linda Rutherford was unable to obtain time off from work for the new date. Linda was going to bring some table top set up items for additional photo ops, so if someone would be willing to bring a few items that would be appreciated. Convention schedule and registration form are included in the newsletter. While the campground is closed, nearby Panora has hotels for those who do not wish to stay in the dorms.

## Photoessays 2016!

It's easier than ever to do a photoessay in 2016 since a universal (Mac and PC) file type (.mp4) will be used so that your entry can be sent to me electronically, or alternatively on a memory stick or recorded on a DVD disk. This file type has approximately twice the image resolution of the photo essays submitted in 2014.

Your photoessay can be created in your software of choice, but should be exported in the .mp4 format. The .mp4 file entry may be recorded on a CD or DVD disk, a USB memory stick, or electronically via Dropbox. You can save your essay to my Dropbox account by using this link:

<https://www.dropbox.com/sh/lpgd17oowpbyoiw/AAC3EbTDLbnY-mPwJzcrUrV1a?dl=0>

You can save to the folder "submit N4C photoessays 2016". I'll be able to view your essay from this folder. Please use the standard N4C naming convention—noted below—to help me keep track of your essay. Essays received on memory sticks or DVD's will also be placed in this folder location.

The Photo Essay chair should be consulted if there are questions about compatibility at [d.tomes@me.com](mailto:d.tomes@me.com). Entries will be assembled for showing at Springbrook, at the Fall Convention, and for judging. The entry may be a collaborative effort of several people or of an entire club, with the club listed as the author. The member number of the club president of the club will be used for record keeping purposes. The images must be the work of the entrant(s). The photoessay should contain music credits (but not the name of the maker or club).

This annual competition will only be conducted in April. Clubs can have as many entries as desired, but only one entry per member is allowed. Entry forms may be obtained from the N4C website, at the following web site <http://www.n4c.us>, or the Photo Essay chair. The essential information about your photo essay is best communicated by using the N4C file naming convention described at the bottom of this document. **The deadline for photo essay entries is March 31.**

The judging committee will consist of three judges (consistent with other N4C contests). The judging club members who have submitted entries to the photoessay contest may not be judges of the contest in the year their club is responsible for judging the contest. Judges who are not members of any affiliated club in N4C may be used provided that they have sufficient experience in judging photography contests similar to those in N4C and are willing to complete the necessary forms and provide feedback to contest entrants.

All the following will be considered by the judges:

- Quality of the photography
- Soundtrack Quality (music and narrative if included)
- Impact, interest, and integration of sound and images.

The minimum number of images is twenty (20) with no limit on maximum number of images, but the program time shall not exceed six (6) minutes. Only still images (*not Video Clips*) can be used to compose the Photo Essay. The "Ken Burns" effect is permitted on individual images.

The title of the essay should be in standard N4C format, i.e. 01,N4C member number,PE,a great photoessay. [Example: 01,DE061,PE,a great photo essay] The entry (sent via dropbox or via regular mail on media such as a DVD disk or USB stick should have the following accompanying information: N4C member number, title, name of entrant, running time, e-mail address of the entrant, and telephone number of the entrant.

Questions—contact Dwight Tomes at [d.tomes@me.com](mailto:d.tomes@me.com) or call 515 240 6633. Rough drafts will be 'cheerfully' accepted for feedback and/or advice!

### **Brief Biographies Of The Two New Directors This Year, John Larson and Greg Hogle**

**John Larson:** A retired electrical engineer (38 years with both General Electric and Marathon Electric), now teaching math part time at Southeastern Community College. Married to Ruth. I took my first photography class in 1991, and joined the Shutterbug Camera Club. I first scanned slides to CDs, then purchased a Canon D-30, followed by a Digital Rebel, and now primarily use a Canon 6D and 7D. I joined PSA in 1994 and began to be active in N4C activities; I am currently serving as N4C's PJ Chairman. I am also in my second term as Chairman of the PJ Division for PSA, and was named APSA in 2009.

**Greg Hogle:** I have been a member of the Topeka Camera Club for 10 plus years, and have been President of the club for the past 3 years. I have attended the last 7 N4C Conventions, and have been to Springbrook the last 8 years. I love taking pictures, and concentrate mostly on travel photography and also people photography. Most of my time and photography is family-related. With 20 grandkids, there is never an end to photo opportunities at birthdays and sporting events! I also do portrait photography with a small studio in my basement. I look forward to retirement, and spending more time taking photos.
