

May 28, 2020

Greetings N4C Members,

A survey was sent out earlier this month to gauge how many people would attend this year's 2020 N4C Convention in light of the current Covid 19 outbreak. Although the convention isn't until September and things are already starting to open up again, the vast majority of N4C members and those that regularly attend still aren't willing to participate this year.

After receiving 284 responses, 117 gave a rating of 0 indicating they would not attend and only 24 gave a rating of 10 indicating they would attend. 74% of the respondents would most likely not attend, 20% of those that responded would most likely attend and 6% could go either way. Our break-even point is 66 registrants so the numbers just aren't adding up for a successful convention.

Based on these findings, I'm sad to report that the convention committee made a very difficult decision to cancel the event. We will, however, consider hosting the event in 2023 but are not committing to do so until we see how much support the Wichita and Duluth conventions receive. It is my understanding that the Sioux Falls Club will still be able to conduct the year end judging for the Best of the Best awards.

Regards,

Doug Conrad
N4C Convention Committee Chair
Secretary/Treasurer
Webmaster
